

MONTANA GOLD MINING COMPANY INC.

Management's Discussion and Analysis

Period Ended March 31, 2015

Dated May 29, 2015

(Form 51-102F1)

This Management Discussion and Analysis ("MD&A") of Montana Gold Mining Company Inc. (the "Company") is provided for the purpose of reviewing the first quarter ended March 31, 2015 and comparing results to the previous period. The MD&A was prepared as of May 29, 2015 and should be read in conjunction with the Company's condensed interim consolidated financial statements and corresponding notes for the periods ending March 31, 2015 and 2014. The consolidated financial statements are prepared in accordance with International Financial Reporting Standards appropriate in the circumstances. All monetary amounts are expressed in United States dollars unless otherwise indicated.

Additional information related to the Company is available for view on SEDAR at www.sedar.com and at the Company's website located at www.montanagoldmining.com.

DESCRIPTION OF THE BUSINESS

The Company is a mineral exploration company focused on the acquisition and exploration of mineral resource properties, primarily gold and silver prospects in the States of Montana and Nevada, USA.

The Company is a reporting issuer in the Province of Ontario and its common shares trade on the Canadian Securities Exchange ("CSE") under the symbol MGM.

CORPORATE ACTIVITIES

During the quarter ended March 31, 2015, the Company received proceeds from a private placement of units in the amount of \$17,500 issuable at a price of \$0.05 CDN per unit. Each unit consisted of one common share of the Company (a "Common Share") and one Common Share purchase warrant (a "Warrant"). Each Warrant entitles the holder to purchase one additional Common Share at a price of CDN\$0.10 for a period of three years from the date of issuance. The Common Shares and Warrants were issued subsequent to March 31, 2015. Subsequent to March 31, 2015, the Company received further proceeds of \$37,051 (CDN\$45,000) from the aforesaid private placement, resulting in the issuance of a total of 1,338,380 Common Shares and 1,338,380 Warrants, as described above, for gross proceeds of CDN\$66,919 (US\$54,551) for the period from January 1, 2015 to the date of this MD&A.

A comprehensive geologic paper on the Company's Golden Trail Project, Elko County, Nevada ("Golden Trail") was accepted and published as part of the proceedings of the Geologic Society of Nevada's ("GSN") 2015 Symposium, held between May 18-23, 2015 in Reno, Nevada.

The paper was placed by the GSN under the Carlin-type Deposit section of the GSN Proceedings and was titled "Geologic Setting of Gold Mineralization at the Golden Trail Project, Northeastern Elko County, Nevada, *R. Capps, P. Noble, and C. Jorgensen.*" A poster of the project was displayed during the GSN Symposium and Company representatives were in attendance including the Company President and the Company's Senior Geologist, Richard Capps, PhD, SME Reg. Geo., a co-author of the paper.

OVERALL PERFORMANCE

In summary the Company's financial condition has weakened over the past three months ended March 31, 2015. Working capital deficiency increased by \$33,274 from (\$407,017) at December 31, 2014 to (\$440,291) at March 31, 2015. The difference is mainly attributable to:

- a. ongoing office and administrative costs;
- b. accrual of management and director fees;
- c. a challenging environment for junior exploration company financing.

SUBSEQUENT EVENTS

Refer to the Corporate Activities section above.

RESULTS OF OPERATIONS

For the three months ended March 31, 2015 and March 31, 2014, the Company had no revenue. Claim maintenance expenses for the quarter were \$419 compared to \$3,903 during the previous year.

Expenses incurred during the period consist mainly of:

- a. Office and administrative costs of \$75,353 (2014-\$102,661);
- b. Professional Fees of \$8,020 (2014-\$13,868);
- c. Stock based compensation of \$0 (2014-\$4,356);
- d. Gain on foreign exchange of \$33,018 (2014-\$19,365);
- e. Gain on revaluation of foreign currency warrants of \$82,643 (2014 loss-\$126,668).

SUMMARY OF QUARTERLY RESULTS

Total assets as at the end of March 31, 2015 were \$550,678 (2014 - \$542,981) and consisted of cash \$1,101 (2014 - \$4,685), HST receivable of \$21,838 (2014 - \$2,365) prepaid expenses of \$1,258 (2014 - \$1,258), mining claims and deferred exploration expenditures \$511,210 (2014-\$494,402) which represent staking expenditures to secure the Company's mineral exploration project and exploration expenditures, and reclamation bonds \$15,271 (2014-\$40,271).

Total current liabilities as at March 31, 2015 were \$464,488 (2014 - \$533,578) consisting primarily of trade payables and amounts due to directors and officers. Included in this amount is \$399,069 (December 31, 2014 - \$400,539) of amounts owing to directors of the Company for management and directors fees. The Company has no long term financial liabilities except for warrants denominated in a foreign currency of \$166,144 (2014 - \$355,461).

The Company has no sales and has never earned revenues with the exception of non-material interest revenue. Raising capital through sales of its common shares funds the Company's exploration operations.

Three months Ended March 31, 2015 Compared to Three months Ended March 31, 2014

Operating Revenues: The Company is a mineral exploration company and has no operating revenues.

Expenses: Expenses for the three months ended March 31, 2015 were \$83,373, a decrease of \$37,512 over the amount of \$120,885 for the three months ended March 31, 2014. Approximately \$15,000 is from a reduction in director fees payable to three directors who are also officers who elected to permanently opt out of eligibility for director fees effective June 1, 2014 so long as they are entitled to receive management fees. There was also a general reduction in office, travel and professional fees resulting from a reduced level of Company activities.

Net earnings (loss): The Company incurred a net gain of \$32,288 for the three months ended March 31, 2015, compared to a loss of (\$228,188) over the three months ended March 31, 2014. A gain of \$82,643 of the re-evaluation foreign currency warrants and a gain on foreign exchange of \$33,018 resulted in the Company recording net earnings for the quarter.

LIQUIDITY

As at March 31, 2015, the Company had cash in the amount of \$1,101 (2014-\$4,685) and current liabilities of \$464,488 (2014-\$533,578). As at March 31, 2015, the Company has a working capital deficiency of \$440,291 (2014 - \$525,270). . Included in this amount is \$399,069 (December 31, 2014 - \$400,539) of amounts owing to directors of the Company for management and directors fees. As a result, this is not a critical or pressing liability. Nevertheless, the Company has liquidity risk and is dependent on raising capital.

CAPITAL RESOURCES

For its long term business objectives, the Company will require funds for ongoing exploration work on its SBSL Property in Montana and its Golden Trail Property in Nevada, to work on any other mineral projects that it acquires, as well as to meet its ongoing day-to-day operating requirements and will have to continue to rely on equity and debt financing during such period. There can be no assurance that financing, whether debt or equity, will be available to the Company in the amount required at any particular time or for any particular period or, if available, that it can be obtained on terms satisfactory to the Company. The Company does not have any other commitments for material capital expenditures over either the near or long term or none are presently contemplated other than as disclosed above and/or over normal operating requirements.

The Company is not in default of its obligations on any of its mineral properties at this time.

OFF BALANCE SHEET ARRANGEMENTS

At May 29, 2015, the Company had no off-balance sheet arrangements such as guarantee contracts, contingent interest in assets transferred to an entity, derivative instruments obligations or any obligations that trigger financing, liquidity, market or credit risk to the Company.

TRANSACTIONS WITH RELATED PARTIES

Related parties include the Board of Directors, close family members and enterprises which are controlled by these individuals as well as certain persons performing similar functions.

Related party transactions conducted in the normal course of operations are measured at the exchange value (the amount established and agreed to by the related parties).

Remuneration of Directors and key management of the Company during the period was as follows:

Management and director fees in the amount of CDN\$69,290 were paid in the quarter ended March 31, 2015. This amount was included in office and administrative costs in the consolidated statements of loss and comprehensive loss, however the amounts were accrued since the directors did not wish to divert the limited available funds from the advancement of the mineral projects.

PROPOSED TRANSACTIONS

There are no transactions proposed at this time other than as disclosed herein.

ACCOUNTING POLICIES AND CRITICAL ACCOUNTING ESTIMATES

Accounting Policies

The Company prepares its financial statements in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB") and interpretations of the IFRS Committee.

The significant accounting policies of the Company are summarized in Note 2 to the Company's financial statements

Critical Accounting Estimates

The preparation of consolidated financial statements in conformity with IFRS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, incomes and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

The accompanying consolidated financial statements include all adjustments that are, in the opinion of management, necessary for a fair presentation.

Information regarding significant areas of estimation, uncertainty and critical judgments made in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements relate to measurement of the recoverable amounts of mining claims and deferred exploration expenditures, the amount accrued for restoration liabilities, the valuation of stock options and warrants issued, the valuation of warrants extended and provisions for legal claims.

Financial Instruments

As at March 31, 2015, the Company's financial instruments consist of reclamation bonds, accounts payable and accrued liabilities. The carrying values of the Company's financial instruments approximate their fair values due to the relatively short periods to maturity of these financial instruments.

Controls and Procedures

Management is responsible for the design of internal controls over financial reporting to provide reasonable assurance regarding the reliability of financial reporting and the preparation of the consolidated financial statements in accordance with International Financial Reporting Standards. Based on a review of its internal control procedures at the end of the period covered by this MD&A, management believes its internal controls and procedures, for the nature and size of the entity, are effective in providing reasonable assurance that financial information is recorded, processed, summarized and reported in a timely manner.

Management is also responsible for the design and effectiveness of disclosure controls and procedures to provide reasonable assurance that material information related to the Company, is made known to the Company's certifying officers. Management has evaluated the effectiveness of the Company's disclosure controls and procedures and has concluded that these controls and procedures are effective, for the nature and size of the entity, in providing reasonable assurance that material information relating to the Company is made known to them by others within the Company.

Litigation

The Company is not a party to any litigation.

Risks Associated with Exploration and Mining Operations

The exploration of mineral properties involves a high degree of risk which cannot be avoided despite the experience, knowledge and careful evaluation of prospective properties by management. There can be no assurance commercial quantities of ore will be discovered on the Company's mineral properties. Even if such commercial quantities are subsequently discovered by the Company's exploration efforts, there can be no assurance such properties can be brought in to commercial production. Operations may be subject to disruption due to weather conditions, labour unrest or other causes beyond the control of the Company. Hazards such as unexpected formations, pressures, flooding, or other conditions over which the Company does not have control may be encountered and may adversely affect the Company's operations and financial results.

Environmental Risks

Environmental legislation is continuing to evolve such as will require strict standards and enforcement, increased fines and penalties for non-compliance, more stringent assessment of proposed projects and a greater degree of corporate responsibility. There can be no assurance that current requirements and future changes to environmental legislation may not adversely affect the Company's operations.

Mineral Market

The market for minerals is subject to factors beyond the Company's control, such as market price fluctuation, currency fluctuation and government regulation. The effect of such factors cannot be accurately calculated. The existence of any or all such factors may restrict the access to a market, if same exists, for the sale of commercial ore which may be discovered.

Funding Requirements

In order to move forward with its exploration activities, the Company will require additional funding. There can be no guarantee that such funds will be available as and when required or, if available, be accessible on reasonable commercial terms.

Reliance on Management

The Company anticipates that it will be heavily reliant upon the experience and expertise of management with respect to the further development of the mineral properties. The loss of any one of their services or their inability to devote the time required to effectively manage the affairs of the Company could materially adversely affect the Company.

Auditors, Transfer Agent and Registrar

The auditors of the Company are Collins Barrow LLP, Licensed Public Accountants of Toronto, Ontario. The Transfer Agent and Registrar for the Common Shares of the Company is TMX Equity Transfer Services in Toronto, Ontario.

Forward Looking Statements

Certain statements contained in this document constitute "forward-looking statements". When used in this document, the words "may", "would", "could", "will", "intend", "plan", "propose", "anticipate", "believe", "forecast", "estimate", "expect" and similar expressions used by any of the Company's management, are intended to identify forward-looking statements.
