

# **PELTON MINERALS CORPORATION**

## **NEWS RELEASE**

September 15, 2016

CSE SYMBOL: PMC

### **Peloton Applies for Listing on the OTC QB Market in the United States in Addition to Canadian Listing**

London, Ontario – Peloton Minerals Corporation (“Peloton” or the “Company”) (CSE Symbol: PMC) has applied for listing of the Company shares on the OTC QB Market in the United States and will also continue to list on the Canadian Securities Exchange (the “CSE”). The Company will provide further particulars upon completion of the approval process which is expected to take several weeks,.

The OTC QB Market is referred to as “America’s Venture Market” in the OTC Markets literature with 960 U.S. and international companies listed having U.S. \$74.2 billion in total market cap and a median market cap of U.S. \$12.8 million.

The objective in seeking this U.S. listing is to increase exposure, liquidity and market cap. Several of the Company’s mineral projects are located in the U.S., but U.S. potential shareholders have a very difficult time accessing or trading the Company shares at this time. By listing on the OTC QB Market, U.S. investors have greater ease in trading or participating financially in the Company’s U.S. projects.

Peloton President Edward L. Ellwood comments: *“Our Canadian listing on the CSE has been an essential part of our development to date and has facilitated this additional U.S. listing application, which if successful, will be a natural fit to enable us to expand our audience and shareholder base.”*
