Peloton Common Shares
Now DTC Eligible for US Trading

London, Ontario – Peloton Minerals Corporation ("PMC" or the "Company") (CSE Symbol: PMC; OTCQB Symbol: PMCCF) is pleased to announce that its common shares are now eligible for electronic clearing and settlement in the United States through the Depository Trust Company ("**DTC**"). Peloton has been listed on the OTCQB market in the United States since 2016 and DTC eligibility is expected to simplify the process of trading and enhance liquidity of Peloton's shares in the United States.

DTC eligibility streamlines the trading process, making it more efficient for investors and brokers. As a subsidiary of the Depository Trust & Clearing Corporation (DTCC), DTC handles electronic clearing and settlement for publicly traded companies. With DTC eligibility, the Company's shares can now be traded across a wider network of brokerage firms, accelerating the settlement process and improving access for a broader range of investors.

Peloton's President and CEO, Edward (Ted) Ellwood comments: *"Achieving DTC eligibility is a significant step forward as it simplifies trading for our U.S. investors and expands access to a broader audience. This milestone aligns with our commitment to enhancing liquidity and shareholder value, making it easier and more efficient for investors to participate in the growth of our Company"*
