

MONTANA GOLD MINING COMPANY INC.

NEWS RELEASE

July 11, 2012

CNSX SYMBOL: MGM

Shareholders Approve Option Agreement and Proposed Distribution of Subsidiary to Shareholders

London, Ontario – Montana Gold Mining Company Inc. (“MGM” or the “Company”) (CNSX Symbol: MGM) reports that shareholders of the Company have overwhelmingly approved an agreement to option mineral properties in Montana and Nevada to the Company’s wholly owned subsidiary Celerity Mineral Corporation (“Celerity”) and a proposed distribution of the common shares of Celerity to the MGM shareholders proportional to their interest in MGM. Ninety-nine percent (99%) of the votes cast at the recently held Annual and Special Meeting of Shareholders, or 51% of the total issued, were in favor of these resolutions.

Under the option and joint venture agreement (the “Option Agreement”) Celerity is to pay MGM the amount of \$668,112 to be satisfied through the issuance of 13,362,240 common Celerity shares at \$0.05 each, and to spend \$1,000,000 in exploration on the Silver Bell-St. Lawrence gold project in Montana and the Golden Trail gold project in Nevada (the “Projects”) by May, 2017, for a total of \$1,668,112, to earn a 50% interest in the Projects. The Company presently holds a 100% working interest in the Projects and has spent the same amount of \$1,668,112 on the Projects to the year ended December 31, 2011.

The Company proposes to distribute the 13,362,240 Celerity shares to the MGM shareholders on a proportional basis. This distribution would either be by a dividend-in-kind or a distribution by way of return of paid up or stated capital equal to the fair market value of the assets so distributed as determined by the directors of the Company. The distribution and Option Agreement were subject to shareholder approval which has now been received, and it is anticipated that Celerity will now conduct a rights offering or private placement financing, file a Prospectus to qualify the financing and the distribution of Celerity shares in appropriate Canadian jurisdictions, and seek a listing on a recognized stock exchange.

Two directors of the Company, Luard Manning, P.Eng and Kent Britton, BA Econ., have resigned as directors of MGM and have been appointed as directors of Celerity.

Further technical information and reports on the Projects are available on the Company website at <http://www.montanagoldmining.com> or on SEDAR at <http://www.sedar.com>.
